EDUCATION

SEPTEMBER 2019 – JUNE 2022 (expected)	Master degree in APPLIED MATHEMATICS and PHYSICS, Moscow Institue of Physics and Technology , Department of Control and Applied Mathematics.
SEPTEMBER 2015 – JUNE 2019	Bachelor degree in APPLIED MATHEMATICS and PHYSICS, Moscow Institue of Physics and Technology , Department of Control and Applied Mathematics. Main subjects: Numerical Analysis, Probability Theory, Random Processes, Mathematical Statistics, Convex Optimization GPA: 7.5 (10 - max)

SKILLS

LANGUAGES:	Russian – Native, English – Upper Intermediate
PROGRAMMING LANGUAGES:	Java, Golang, experienced with SQL
SOFTWARE:	Git, TeamCity, \LaTeX

WORK EXPERIENCE

<i>Jul 2021</i> CURRENT	Golang developer at OZON Developing the catalog services which are the part of search ecosystem.
<i>Jul 2019</i> JUL 2021	Junior Java Software developer at Deutsche Bank Technology Centre Developed the stateless resilient microservice using Java 8 and Spring boot framework. The service is responsible for transmitting trader's commands into external financial trading system and for synchronizing business related data between that system and internal applications. Also took part in the supporting of legacy system as a last line support person.
<i>Sep 2020</i> JUN 2021	Teaching assistant at Moscow Institue of Physics and Technology Assisted students with their lab work on the course "Algorithms and data structures in Python"
<i>Feb 2019</i> APR 2019	Risk Analyst Intern at Tinkoff bank Worked on the development of the regression model for predicting the annual monetary turnover of a legal entity based on publicly available information. This model was intended to help businesses make decisions about opening a credit line for a legal entity.
<i>Sep 2018</i> JUN 2019	Junior lab assistant at Institute for System Programming of the RAS Worked on load testing of Apache Ignite In-Memory Data Grid. Researched its properties of consistency, availability and partition tolerance with the help of the Clojure framework for distributed system testing called Jepsen.
