EDUCATION

SEPTEMBER 2019 – JUNE 2021 (expected)	Master degree in APPLIED MATHEMATICS and PHYSICS, **Moscow Institue of Physics and Technology**, Department of Control and Applied Mathematics.
SEPTEMBER 2015 – JUNE 2019	Bachelor degree in APPLIED MATHEMATICS and PHYSICS, **Moscow Institue of Physics and Technology**, Department of Control and Applied Mathematics. Main subjects: Numerical Analysis, Probability Theory, Random Processes, Mathematical Statistics, Convex Optimization GPA: 7.5 (10 - max)

SKILLS

LANGUAGES:	Russian – Native, English – Upper Intermediate
PROGRAMMING LANGUAGES:	Java, C, experienced with SQL
SOFTWARE:	Git, TeamCity, LaTeX

ADDITIONAL EDUCATION

Coursera

- *"JavaScript, Part 1: Basics and Functions"* (Certificate), Grade Achieved: 98.3%

Tinkoff Fintech School

- *"Risk management course"* (Certificate)

Samsung IT-school

- *"Basics of IT and programming"* (Certificate), Grade Achieved: 8 (10 - max)

WORK EXPERIENCE

Jul 2019 CURRENT	Software developer at *Deutsche Bank Technology Centre* Working on development of the stateless fault-tolerant microservice using Java.
Sep 2018 JUN 2019	Junior lab assistant at *Institute for System Programming* of the RAS Was working on testing of Apache Ignite in memory data grid. Was researching its properties of consistency, availability and partition tolerance with the help of the tool called Jepsen.
